Ratecard

Super Yachts and Maritime

With years of experience working offshore, we can capture your yacht almost anywhere in the world, 24 hours a day. We work with you and your crew to create a video for your own memories, charter marketing or to aid the sale of your yacht.

Our expertise ensures that we can efficiently film, photograph and edit a production of your vessel and deliver to your exacting standards. Ensuring that the vessel is showcased to the highest possible standards.

European Ports

3-5 days filming with you, your boat and crew

Aerial Film & Photography

We fly or drive to your vessel's port and film across a number of days with additional days as required for bad weather

£3500

Wet weather/travel/no fly days - £250 per day

Global Ports

4-6 days filming with you, your boat and crew

Aerial Film & Photography

We fly or drive to your vessel's port and film across a number of days with additional days as required for bad weather

£5000

Wet weather/travel/no fly days - £250 per day

All prices shown are exclusive of VAT. Travel to and from the destination and permits/application fees are not included in the rates.
